

Students thrive in High Point's non-traditional school setting, where each student is given specialized supports & unique opportunities to grow and discover their personal potential.

High Point School is a State of New Jersey approved, private school for students with disabilities. Students who attend are ages 5-21, and grades K-12, from school districts throughout New Jersey.

At High Point School, we surround each child with a caring and skilled safety-net of support—it's an approach where each child has a team of professionals who embrace their journey, every step of the way—academically, socially, psychologically, and in terms of their physical needs. With this integrated & highly personalized approach, our team collaborates with input from the student's family while meeting regularly to discuss each student's success which makes all the difference in setting the stage for their growth and progress.

Our therapeutic support is comprised of onsite clinicians including: psychiatrists, nurses, social workers and speech & occupational therapists. Our conveniently located, expansive campus is equipped with:

- comfortable learning spaces and socialization areas
- playground
- reflective peace garden
- outdoor swimming pool

Therapeutic services offered within an individualized, academic setting.

Our students often experience anxiety, depression and other mood disorders, behavioral & attention difficulties, and developmental & learning disabilities. To support each child, we offer a wide array of therapeutic services & evidence based positive behavior supports including:

- a comprehensive NJ Department of Education approved academic curriculum
- 1:3 staff-to-student ratio
- small class sizes, limited to 12 students each
- comprehensive clinical programming
- medication management
- individual, group and family therapy
- speech and occupational therapy
- summer extended school year program
- pre-vocational opportunities
